

# Winter Weather Policy

*Will the library be open when it snows?*

If a storm hits overnight and schools are closed for the day, the library may also be closed.

If the storm passes and roads are cleared early, the library may open at 1 p.m.

Closings and delayed openings will be posted on local TV stations. The library's answering machine will also carry a message regarding a closing or delayed opening (563-5513).

If a storm hits during the course of a day, the library may close early to ensure the safety of its patrons, volunteers, and staff.
